# **Rohrer's Ohio Grown Certified Hybrid Corn**

**Grown by HENNING BROS.**

Put up in bushel bags, certified by the Ohio Seed Improvement Association, meaning seed of superior quality.

**INCREASED YIELD** of 20 to 30 per cent. over the commercial varieties in experimental station tests and actual farm use.

**50 PER CENT.** deeper and more vigorous roots. Short, strong stalk with ears low, giving wind and storm resistance.

**DISEASE RESISTANCE** to smut, rust and wilt, eliminates weak, diseased stalks and diseased, unsound ears.

**GREATER UNIFORMITY.** Practical elimination of barren stalks and nubbins. Uniform maturity.

**OUR SEED IS GRADED** with the latest improved seed corn graders, so that you will have uniformity in size of kernels. All orders will be filled with flat grains.

## **Ohio Hybrid K 23**

An early Hybrid and suitable for thin land where there is early frosts, and short season. Its plants are short, very lodge resistant, deep green and leafy. The ears are low on the stalks. Medium in size and 16 to 18 rows of medium sized grain.

## **Iowa Hybrid 931**

A trifle later than the K 23, suitable for better soils, low land, and longer seasons. Can be grown as a late corn. The plants are medium tall, ears medium slender with 14 to 16 rows.

## **Iowa Hybrid 939**

One of the older Hybrids that has established a reputation as a good general purpose corn. The ears have 16 rows of medium depth grains. This Hybrid will give an excellent account of itself. Will do well in Lancaster and adjoining Counties.

## **Ohio Hybrid W 17**

This Hybrid produces stalks of medium height with ears uniformly near the ground. It produces more leaves than the average. It is desirable for cutting on shocks for fodder and dries out early in the fall. Ear is smooth and grain is light yellow in color. Suitable for Lancaster and adjoining Counties.

## **Illinois 172**

Adapted for Lancaster and adjoining Counties. Long ears, medium deep kernel. Medium tall, strong stalk. Deep root system. It made highest yields in many corn belt tests. 106 days.

---

**Prices—Hybrid Corn. Any variety—\$6.50 Per Bushel, 56 Lbs.**
